Reno County, Kansas

June 26, 2020

Tara Ghere, Emergency Preparedness Supervisor
Reno County Health Department

Non-Surgical PPE Form is now available online

On Monday, June 22, 2020, Reno County Emergency Management announced a supply of free Personal Protective Equipment (PPE) will be sent to Reno County from Kansas Division of Emergency Management. All infrastructure, businesses, venues, events, faith-based groups, restaurants, and schools are encouraged to submit an application to help fill the gap of necessary PPE to help reduce the potential spread of COVID-19.

Entities that would like to request PPE from this inventory will need to go to www.renogov.org and click on the "PPE Request Form" graphic to access the fillable PDF form. Instructions for where to email the completed PPE Request Form are located at the bottom of the form. Once the form is received, you will be notified of a pick-up date and time along with additional instructions for when you arrive. We will do our best to fill the requests to the best of our ability with the supply we have on hand. All requests will be filled on a first-come, first-serve basis.
